Taieri College
Years 7-13

Taieri College, situated in Mosgiel, serves a well-defined local community. It is a co-educational Year 7-13 College which commenced in 2004 as the result of a merger of The Taieri High School and Mosgiel Intermediate. The College continues a commitment to education that began in the area in 1853.

The expectation is that Taieri College is a community school. This concept involves the College having a sense of ownership by the people of the Taieri. We share with the whole community the important role of developing our young people. It is this which makes our college unique. It is Taieri College.

There is a clearly defined geographical area which has a proud tradition of sturdy independence and a commitment to its unique mix of town and country. It is a community which is willing to embrace change and has looked to diversity and grow to meet the evolving needs of the markets for its products. It has warmly embraced the technical and scientific world in its desire to maximise its production yet has retained its sense of cohesiveness and of family values.

Families of the Taieri Plain choose Taieri College to educate their young people. They want:
- a co-educational seamless school
- a safe, supportive environment
- broad-based balanced education
- strong community links
- an education that will equip their young people for the 21st Century
- credentials that will give students from the college the personal resources to fulfil their goals.

At the same time the community wants its young people to be nurtured and cared for by staff who have values similar to their own. They look to the college to help them teach their young about respect and caring for others, about being honest and trustworthy and to learn about hard work and commitment and the benefits and rewards these can bring.
